

SWOTE Context: Program Goals for the Year

Strategic Planning Meeting
September 13, 2012

Judy Huang
United States Environmental Protection Agency

Institutional Controls Goals

- Enforcement: Assess commercial availability of white croaker and other Do Not Consume fish

Institutional Controls Goals

- Monitoring: Complete field work for Seafood Consumption Study

Institutional Controls Goals

- Public Outreach and Education: Reduce consumption of DNC fish among the angling community by affecting anglers' behaviors and reported intentions as it relates to DNC fish, as well as increasing anglers' awareness of and exposure to local contamination information.
